

# Lazarus College of Craft & Arts

## Trivandrum / India

### A pioneering project for the world of "Marian Engineering College – MCE"

(an ISO 9001:2008 [9001:2015] Certified Institution  
Run by Latin Archdiocese of Trivandrum)

Lazarus-Orden  
Liechtenstein e.V.

## Benefits for the government & the economy

Highly trained craftsmen with a necessary capital to start one's own high-quality production are a guarantee of economic progress and future tax revenues. Through the active support of LCOC with the state creates a win-win situation for the state and the LCOC. India also benefits from a new quality construction, a new standard of safety and reliability of a new artisan.

Highly trained craftsmen are the future market for building materials, machinery and craft accessories. This in turn strengthens the supply industry in the country. A good training centre also promotes cooperation with business associations, suppliers and support companies. Through active support of LCOC with the economy creates a win-win situation for the economy and the LCOC. The economy also benefits from a new generation of reliable economic partners.

## About the Project

At Marian Engineering College, we certainly believe that we can prepare the next generation for the future. So we emphasize the 4 C's: **Competence, Confidence, Commitment and Compassion.**

The rich experience gained by the Diocese in running educational institutions of superior quality over half a century is the driving force behind this venture. Approval from the "All India Council for Technical Education (AICTE)", Government of India, New Delhi has been obtained for running this professional college. See website: [www.lpct.in/lcoc/](http://www.lpct.in/lcoc/)

## What can you do

Help us to keep this project of hope running!

By a further investment of **\$ 6,000,000** the vocational training center can be completed and put into operation. It then offers up to 800 young people the opportunity to build a business through a high skilled craftsman.

## Planned Lazarus College of Craft & Arts

Planning: *Martin Bucker, Dipl.-Ing. Architect*

Members of the LCOC project

## With your donation

*... you contribute the youth and entire families a better future.*
